Strength	Supports 250lbs (vertical usage)	Supports 250lbs (vertical usage)

JRE Hardware guarantees that the product materials are manufactured to meet all applicable ASTM requirements when used in intended applications and assumes responsibility of the product should complete or catastrophic failure occur during regular usage due to manufacturing defects.

General Warranty

If any product or part proves to be defective within 12 months from date of occupancy and/or installation, it will be repaired or replaced without any charge including freight costs when authorized. Costs resulting from the installation or removal of defective products are not covered under this warranty. Discoloration to stainless steel parts resulting from exposure to harsh environmental and/or chemicals are not considered to be defects in workmanship or material and are not covered under warranty.

Limitations on Warranties

In all instances, the purchaser’s exclusive remedy against J.R.E. Hardware Inc. is for the repair or replacement, at our option, of warranted defective products or parts. J.R.E. Hardware’s warranties set forth above do not cover damage resulting from vandalism or unintended usage. No other remedy (including, but not limited to, damages for field labor charges, lost profits, lost sales, injury to persons or property or any other incidental or consequential losses) is available.
